15 September 2014

Dear Robin

**The Tamar Lake Concept - Economic Impact Modelling**

KPMG is delighted to have supported your organisation as part of the firm's honorary work policy. This policy aims to support not-for-profit organisations within the firm's four Corporate Citizenship focus areas of Education, Environment, Social Inclusion and Health with free or discounted professional services.

We recently completed an Economic Impact Study for your organisation, which modelled the impact Tamar Lake Inc.'s proposed development would have on the Tasmanian economy. The total value of work completed was approximately \$35,000 which KPMG is happy to discount to nil.

We understand the value and importance of supporting community organisations like yours and we hope that by providing these honorary services we are assisting you in continuing your great work in delivering lasting community outcomes.

Yours sincerely,

Martin Rees  
Partner
